

Mistakes of youth corrected.

# A killer tattoo and a rich golden sun tan—

ah, the dreams of youth. What do they add up to years later? An embarrassing blemish and sun-aged, wrinkled skin. But there's hope, with the latest in safe, fast and effective laser technology and other advances in cosmetic dermatology, provided by board-certified physicians and their staff at Age Defying Dermatology®.

We can also erase the dents and scratches of time and enhance your look with a full range of services available at our accredited facility. The services include **laser resurfacing**, **microdermabrasion**, **body contouring** featuring **tumescent liposuction**, **eyelid rejuvenation**, **laser hair removal**, **hair transplants**, **weekend neck lifts**, **comprehensive leg vein treatments**, and **Botox®** and **Dermalogen™** injections—all designed to help fulfill today's dreams.

**Life leaves marks.**

# We've got the eraser.

There's not much you can do to prevent life's marks. Getting rid of them is another matter. But you're hesitant. Think about it. You've spent plenty of time and money renovating your home. You wouldn't think twice about taking the blemishes out of the body of your car. Doesn't your own body deserve the same level of care?

At Age Defying Dermatology®, we offer a full range of high quality, safe and effective services, provided by board-certified physicians and their staff. These services include **laser resurfacing, microdermabrasion, body contouring with liposuction, eyelid rejuvenation, laser hair removal, hair transplants, weekend neck lifts, comprehensive leg vein treatments, and Botox® and Dermalogen™ injections.** They can erase life's marks and help you look and feel good—no matter how many daughters you have.
